

BusinessPlan 4 Growth Pack™

The BusinessPlan 4 Growth Pack™ is ideal for businesses that are planning their next stage of growth. This could be through expanding existing operations or pursuing new opportunities the company has identified.

The BusinessPlan 4 Growth Pack™ provides clients with direction and support during the critical implementation phase. The major components include:

Business Growth Plan > This plan focuses on the implementation of the strategies set out by the business. It assesses the impact of the new strategies on the current revenue and profit models. It also includes 3 years financials.

Project Management Service > This a pro-active service that assists in coordinating and monitoring the major initiatives set out in the business plan.

Strategic Review > A Consultant conducts a half-yearly strategic review of current strategies. Here the Consultant discusses major shifts in the operating environment and the impact on the strategic direction. The Consultant will also update business plan to reflect any change in direction.

Our plan is to assist clients to move their business to the next level.

How the service works

- step 1** > Weeks 1-2 – Initial consultation & formulation of the Draft Business Plan.
- step 2** > Week 3-4 – Setting up of KPIs and reporting systems, project plans and business plan finalised.
- step 3** > Months 2-13 – Ongoing support through the Monthly Business Report, Project Management Service, and Strategic Review.
